

LOOKING FOR A
NEW CAREER PATH?
**MASTER
DATA & SKILLS.**

COURSES & TRACKS IN:

Data Analysis & Data Science

Data & Analytics Bootcamp

Become a data analytics expert in less than three months.

Bootcamp | B02

Level: Intermediate

Study load: 144 hours

Certificate of Completion

AMSTERDAM
DATA ACADEMY

WHAT YOU'LL LEARN

- What it's like to work as a data analyst through hands-on experience.
- How to use Excel at an expert level and apply statistical methods.
- How to build and share your own interactive Power BI dashboards.
- How to apply your skills in practice and continue developing further.

TARGET AUDIENCE

Who is this for

Career switchers and professionals who want to become expert data analysts.

Prerequisites

Basic computer skills. No prior data experience required.

Roles after

Data Analyst · BI Specialist · Reporting Analyst

CURRICULUM

A01 — Data Fundamentals Course

Build your foundation in data: the landscape, the tools and the statistics behind every data role.

A13 — Data Storytelling Course

Make your data impossible to ignore.

A10 — Microsoft Excel Essentials Course

Work faster, smarter, and more confidently with Excel.

A04 — Data Visualization with Power BI Course

Turn raw data into interactive dashboards that drive decisions.

A24 — AI Literacy & Ethics Course

Understand AI deeply enough to lead — and question — it.

A51 — Final Assignment: Data Analytics

Capstone: a complete analytics project, from raw data to dashboard and data story.

ASSESSMENT FRAMEWORK

- Assessment is competency-driven and rubric-based (NLQF level 6), with an independent examiner for every module.
- What you'll be assessed on:
 - A51 — Final Assignment: Data Analytics
- Full method, rubrics and resit procedure:
